WAMO/Steinfeld Gallery needs your help!

ABOUT WAMO

WAMO is the Warehouse Arts Management Organization, formed in 2004 as an outcome of the Tucson Historic Warehouse Arts District master planning process.

WAMO is the group looking out for the entire Tucson Historic Warehouse Arts District—its history and its future. WAMO works to strengthen what's already here—working with artists and organization who have been in the district for more than 20 years, with those who are newly relocated, and with those who are interested in being a part of the scene in the future.

“Please help us secure the future of Tucson’s Historic Warehouse Arts District with your donation today!”
